

Victor Zottmann

Junior Full-Stack Developer

Chatswood, NSW 2067, Australia | Ph: + 61 (0) 431 459 638 | [Twitter](#) | [LinkedIn](#)

Objective

To leverage my 3+ years of technical problem-solving skills, critical thinking, and expertise in the creative industries into a web development role focused on user experience, especially for those with disabilities.

Experience

DesigningSound.org | Volunteering (Remote)

July 2017 – January 2019

- **Junior Contributor** (2018 – 2019)
 - Contributed monthly with articles, interviews, reviews, tutorials and case studies on the art and technique of sound design.
 - Maintained effective communication with team members to ensure that publications were delivered on time.
 - Provided readers with literal accuracy and content reliability.
- **Correspondent** (2017 – 2018) – Responsibilities were the same as above, except that publications were not due monthly.

Ignition Immersive | Melbourne, VIC

May 2017 – November 2017

- **Sound Designer**
 - Created immersive sound design for virtual reality experiences using spatial audio techniques.
 - Developed technical solutions for facilitating a more robust workflow to the audio team.

Education

Coder Academy

October 2020 – August 2021

Diploma, Information Technology (Web Development)

The University of Sydney

February 2019 – July 2020

Master's degree, Architectural Science (Audio and Acoustics) | Distinction (81 / 100)

SAE Creative Media Institute

September 2016 – August 2018

Bachelor of Audio (Post Production) | High Distinction (91 / 100)

- Led two small teams in assignments that demanded communicating with external clients and managing time effectively.
- Developed a series of [YouTube videos](#) on audio education, which resulted in a chapter contribution for the academic book [Audio Education: Theory, Culture and Practice](#) (Chapter 13).
